Governor

September 2005

California Health and Safety Code (HSC) Section 106700 requires a biennial renewal fee of \$92.00 to be paid by each REHS on or before the first day of January every other year.

Please make your check or money order payable to the **Environmental Health Specialist Registration Fund**. If your registration is paid by a third party such as a county treasurer, please make sure that the check and the renewal form are mailed to the correct address identified on the application form.

If you do not pay your renewal fee by January 1, 2006, your registration will be suspended and invalid. A penalty of \$46.00 will be charged if the renewal fee is not postmarked by February 1, 2006 or before. The penalty will continue to accrue for each year or portion thereof that the renewal fee is not paid. If you have not paid the fees and associated penalties within three years, your registration will be revoked. A registration that has been revoked may not be revalidated, and a new application must be filed for registration. You will also need to meet all current requirements and pass the REHS examination.

Remember you must notify the REHS Program in writing of any change of address. We thank you for your continued support of the REHS program. If you have any questions please do not hesitate to call Margaret Blood at (916) 552-9991 or Cynthia Cotton at (916) 449-5662.
